## What Is My IP?

WhatIsMyIP.com® is the industry leader in providing IP address information. We provide tools that allow users to do an [IP address lookup](#), internet speed test, proxy detection, and more. We have extensive articles that show users how to trace an email, how to change IP addresses, and how to hide their IP information. Knowing your IP address is crucial for online gaming, tech support, using remote desktop connections, connecting to a security camera DVR, or even running an email server. If you've got questions about IP addresses and can't find the answer on our site, feel free to post your question in our [forum](#).
